

A Better Way To Bank

June 7, 2005

Robert E. Feldman, Executive Secretary  
Attention: Comments, Federal Deposit Insurance Corporation  
550 17th Street, NW  
Washington, DC 20429

Dear Mr. Feldman:

I strongly disagree with the proposed classification system of Commercial Credit Exposures. The current classifications of "special mention," "substandard" and "doubtful" should be left in place.

Sincerely,

A handwritten signature in cursive script that reads "Jerry T. Wilson".
